Bird Codes for range map and table:

BITH=Bicknell's Thrush	SWTH=Swainson's Thrush
BLWA=Blackpoll Warbler	WIWR=Winter Wren
FOSP=Fox Sparrow	WTSP=White-throated Sparrow

<b>Observation = V</b>
<b>Calling = C</b>
<b>Singing = S</b>

Observation Codes for range map (place species code within or next to the symbol):

- Position of Vocalizing Individual
- Approximate Position of Vocalizing Individual
- Individual observed, not vocalizing
- A pair together
- Change in position

**Return data sheets immediately upon survey completion to: Bird Studies Canada, P.O. Box 6227, Sackville, NB E4L 1G6; phone 506-364-5025; fax 506-364-5062; email: colin.carroll@ec.gc.ca**

## HELP Bird Playback Data Sheet 2003

Conduct playbacks and complete the following form only if **NO** Bicknell's Thrushes have been detected before, during or between stops on the survey route. Broadcast the one-minute recording of vocalizations at high volume and listen silently for two-minutes. Repeat this at each stop in reverse order of the original survey until you hear or see a Bicknell's Thrush, or until playbacks have been conducted at all 5 stops. On the route map, plot the position of any responding BITH.
